

Have You Seen the VERTICAL LAWN EDGER and the CAPITOL LAWN TRIMMER and EDGER COMBINED?

These cuts will show you what they look like.

The Vertical Edger will cut the over-hanging grass from the edges perfectly, as fast as a man can walk. The steel finger guard picks up the clinging grass from walks, etc. The depth of cut can be regulated at pleasure. With it the grass edges can be kept neat at small expense and with an immense saving of labor.

THE "CAPITOL" does what no other machine can do and what lawn mowers leave undone. It trims and edges your lawn with remarkable speed and perfection; the shield over the blades protects the flowers. A trial will convince you, as it has thousands of others, that the day of shears, clippers, etc., is past. This machine has four crucible steel blades six inches in length, which are hardened and tempered in oil, swivel bushings, double adjustment—in fact, is strictly high grade. Universal verdict—"fills a long-felt want." You cannot afford to be without it.

Besides these special trimmers we have a full line of Lawn Mowers from the 12-inch hand mower up to the 30-inch horse mower. Call and see the new Edgers and Trimmers.

E. O. HALL & SON, LTD.

STOPPED HORSE; WANTED COIN

Runaway Hack Causes
Lot of Fun But No
Damage

Joe Robello thought he had made a fine New Year's strike this morning when he stopped a runaway horse on the corner of Miller and Beretania streets. It appears that hack No. 113, driven by a Japanese named Okumo, got into trouble down on the waterfront and the horse taking fright, dashed up Alakea street.

The shafts of the hack broke and the horse, getting free from the vehicle, continued his career until Joe appeared on the scene. According to Joe's story he was a real hero.

"Yah, I catch da horse by da throat; son of a gun he no stop. I say whoa son of a gun, what's da matter wid you? He no stop, I pull the wind out of him and then the son of a gun he stop and look at me. The Jap he come there. Ten dollars you give me I speak. The Jap he speak 'No sabe,' son of a gun, why he no pay. I catch da horse New Year Day, too much people stop. Me married fourteen kids ten dollar alright."

The hack driver would not dig up ten plunks, and the two men adjourned to the police station. There the whole performance was gone over again and Joe remarked that if ten bucks was too much he would be satisfied with five.

The hack driver finally compromised with two dollars and Joe seemed very pleased. Beyond breaking the shafts no further damage was done and the horse was uninjured.

The new Federal Penal Code, which goes into effect throughout the United States today is largely the work of John C. Lott, who was here about three years ago with Commissioner Sargenta. He is well known by United States District Attorney Breckons.
